Long-Term Stewardship Web Sites

International Institute for Indigenous Resource Management, Long Term Stewardship, Contaminated Federal Facilities

http://www.iiirm.org/conferences/stew_sum.pdf

NGA Center for Best Practices, Fact Sheet, DOE Stewardship Responsibilities...

<http://www.nga.org>

NGA Center for Best Practices has developed a fact sheet (1/24/2001) on Department of Energy stewardship responsibilities with additional links provided for Department of Energy classic stewardship documents.

DOE Environmental Management Office of Long Term Stewardship

<http://lts.apps.em.doe.gov/center>

Home page for the Department of Energy's Office of Long Term Stewardship. The Web page assists in the coordination and communication of long term stewardship activities across the DOE complex. The Web page also provides links to publications, resources and DOE contacts in DOE Long Term Stewardship.

Department of Energy, Records Management Division

<http://cio.doe.gov/Records/index.htm>

Department of Energy Office of the Chief Information Officer, Records Management Division web page. Records Management is the field responsible for ensuring the maintenance, retrieval, dissemination and disposition of records. Appropriate records management, distribution and preservation is an essential area of concern to long term stewardship.

DOE Environmental Management, National Study on Long Term Stewardship Activities

<http://lts.apps.em.doe.gov/center/stewstudy.html>

A Department of Energy sponsored study on long term stewardship activities (11/9/2001) presenting issues associated with long term stewardship of sites where contaminated facilities, water, soil, and/or engineered units are likely to remain after cleanup activities are completed.

NDA Report, LTS

<http://lts.apps.em.doe.gov/center/ndaareport.html>

The NDA Report on Long Term Stewardship is a report generated in response to a Congressional request in the FY2000 National Defense Authorization Act (NDAA). The report identifies long term stewardship activities (monitoring, maintenance, recordkeeping, etc.) at 96 Department of Energy sites through the year 2006 and projects stewardship activities at 129 DOE sites beyond 2006. Estimated scope, cost and schedule of long term stewardship activities are summarized.

GENERAL WEB SITES

Radwaste Teacher's Corner **

<http://www.radwaste.org/teacher.htm>

The purpose of this Web page is to assist teachers in preparing lessons and assignments on nuclear and radiation related topics. It includes links to educator's associations, nuclear education programs, nuclear facts and figures, nuclear history, famous people, classroom projects, classroom tools, museums, photo gallery, general science education and other resources. (Approximately 350 links).

Health Physics Society Documents **

<http://www.hps.org/documents/>

The Health Physics Society document page provides links to PowerPoint presentations and PDF files on a variety of topics; e.g., What is radiation? Food irradiation, What we know and what we don't know about radiation health effects, Radiation standards for site cleanup and restoration. The Web page provides approximately 50 links to various topic presentations/papers.

Oak Ridge National Laboratory History **

www.ornl.gov/history

This Web page has links to several excellent ORNL general documents and technical reports discussing Oak Ridge history and nuclear science development. There is an excellent link to a time line discussing the major nuclear/historical developments by decades.

DOE, 1992, "Oak Ridge National Laboratory: The First Fifty Years (1942-1992)", Oak Ridge National Laboratory Review, Vol. 25, No. 3 and 4.

<http://www.ornl.gov/ORNLReview/previous/prev.htm>

DOE's OpenNet Home Page **

<http://www.osti.gov/opennet/>

The OpenNet Web page provides information on DOE's openness policy, openness press conferences and additional openness information and resources. The Web site also provides searching capabilities and links to the DOE's Openness Historical Records and Historical Weapons films databases.

Cold War International History Project, Woodrow Wilson International Center for Scholars

<http://cwihip.si.edu/>

This Web page is responsible for disseminating new information and perspectives on the history of the Cold War with emphasis on new findings from previously inaccessible sources from the former Communist world.

George Washington University National Security Archive

<http://www.gwu.edu/~nsarchiv/>

Nuclear History at the National Security Archive

<http://www.gwu.edu/~nsarchiv/nsa/NC/nuchis.html>

The National Security Archive has sponsored significant research and publication projects on nuclear weapons issues and history. The Web site includes a link to the U.S. Nuclear History Documentation Project documents.

ORAU Speaker's Bureau **

<http://www.orau.org/speakers/topic.htm>

The Web site provides a list of speakers associated with Oak Ridge Associated Universities and speakers' topics (e.g., radiation accidents, crisis communication, worker health, science and education).

** Excellent resource sites for teachers and classroom material.
